# 2

## Look Around, Remember

**What could you share with your friend about where these wonderful things come from?**

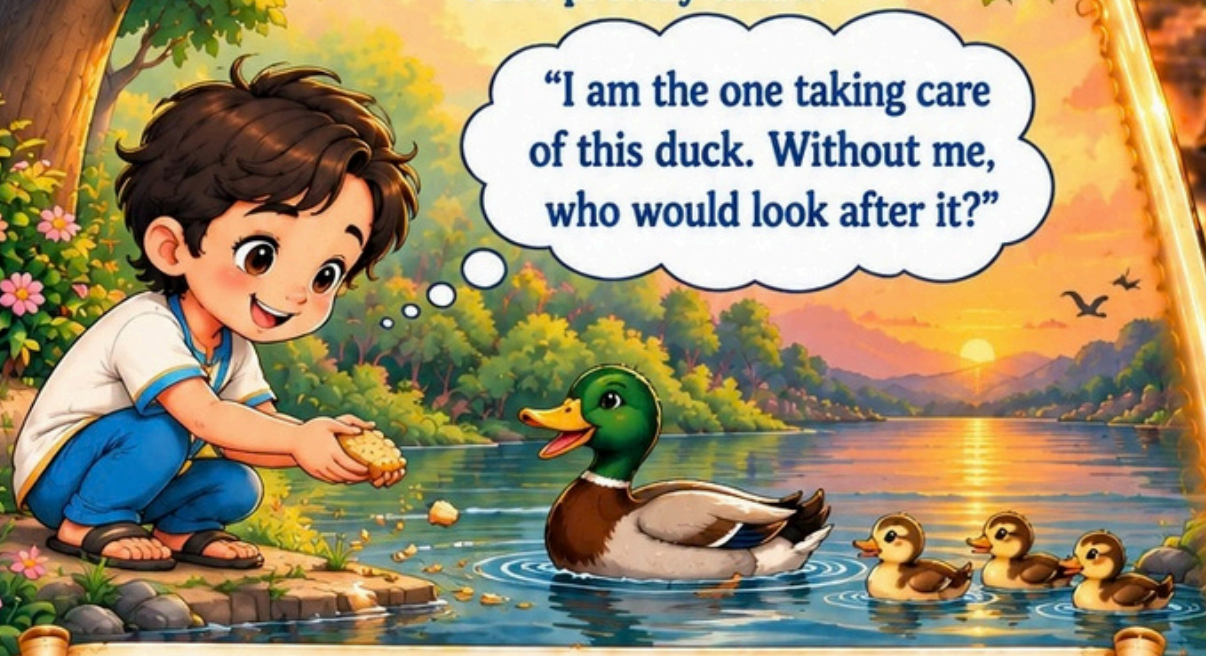

Think about the sun, moon, trees, rivers, animals, flowers, and beautiful places around us.

The beautiful sun set comes from nature the sun comes from god and the moon and rivers, animals are also created from god in fact everything is created by god.

3

# Who Is Taking Care?

Mike proudly thinks:

## What could Mike remember?

If Mike won't take care of the duck, will it still get food and water?

**Write your thoughts:**

Yes, because other people can feed the duck and it will still be healthy.
