Curious Minds, Higher Grades

In partnership with SplashLearn and Discovery Education, USA — trusted by over 40 million students and the go-to learning solution for 1 in 3 schools in the US—AlphaMath is redefining how children learn and love Math.

Why AlphaMath?

We make Math

engaging

accessible

meaningful

Our mathematical concepts have

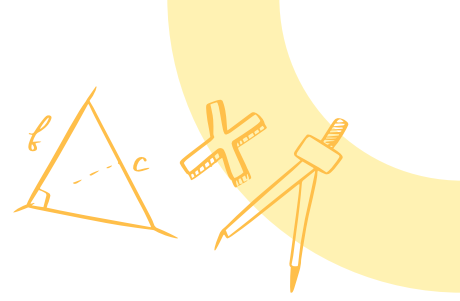

fun-filled stories

rich narratives

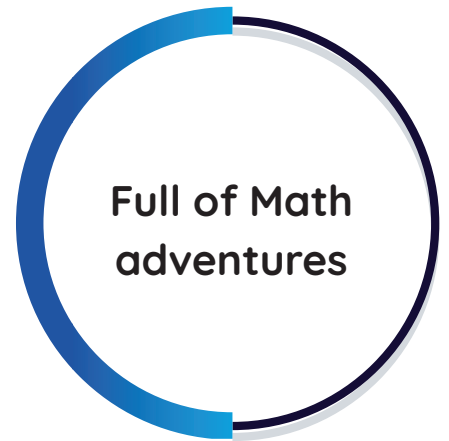

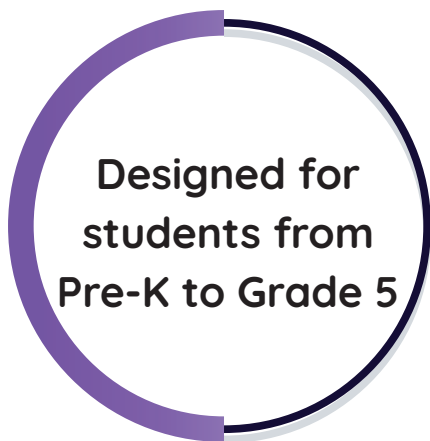

vibrant characters

$$3+2=9$$

Curriculum

Our curriculum, crafted for Pre-K to Grade 5, aligns with core educational standards and adapts to your child's individual needs. We make learning both fun and effective, with the help of game-based math adventures.

Our Curriculum Highlights

AlphaMath offers a game-based learning experience with a unique four-step approach to mastering every concept:

Learn

Introduce concepts clearly and in an engaging manner.

Practice

Reinforce understanding with hands-on exercises.

Out-of-the-box

Challenge students with creative and critical thinking activities.

Deep Dive

Solidify knowledge through in-depth exploration of each concept.

Masterclasses

Build confidence through competitions and quizzes.

Lesson Structure

Warm-Up Explain the concept Solve Reinforce Speakup

5 mins

10 mins

10 mins

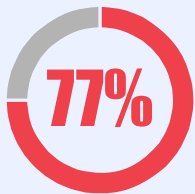

5 mins

Each class has a clear objective, ensuring your child grasps the key concepts by the end of the session. This objective targets achieving deeper understanding and lifelong retention.

Classes Details: **Grade Wise**

		Grade 1	Grade 2	Grade 3	Grade 4	Grade 5
One on One	Learning	48	48	48	48	48
	Practice	20	20	20	20	20
	Out-of-the-box	12	12	12	12	12
	Deep Dive	5	5	5	5	5
Group	Masterclasses	15	15	15	15	15
Total		100	100	100	100	100

Outcome

of users see significantly **higher grades** in **Math**.

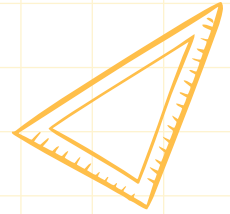

of users report a significant boost in their child's **interest and confidence in learning**.

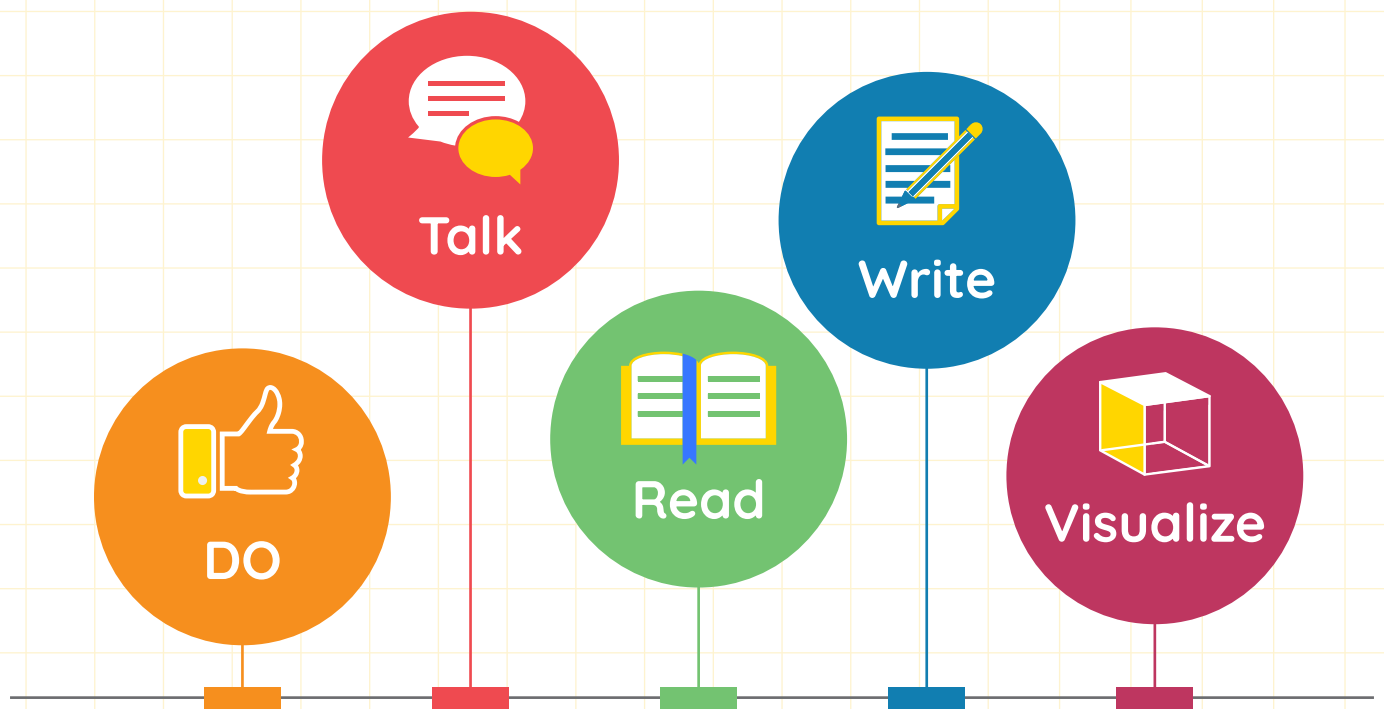

of users notice an improvement in their child's **mathematical thinking ability** after just **eight lessons**.

Our unique **teaching pedagogy**

We follow a very unique pedagogy for every lesson - Do - Talk - Read - Write - Visualize. This approach ensures quicker grasping of the concept and longer retention.

Our **educators**

- Post graduates in Education and Maths
- 5 years + teaching experience
- 100 + students taught

Why parents love **AlphaMath**

Engaging Content: AlphaMath turns learning into an exciting journey filled with discovery and fun!

Tutor Quality: Handpicked, top-quality teachers who are passionate about teaching Math and dedicated to improving your child's grades.

Interconnected Digital Classroom

Practice Workbooks: Our exciting workbooks are filled with engaging activities, fun exercises, and step-by-step guides that make Math practice enjoyable.

Innovative USB-Connected Hardware: Our revolutionary device lets your child write and solve Math sums during class, that the teacher can see and correct in real-time.

Interactive Platform: Engaging and interactive learning experience with a strong focus on improving grades.

How our **AlphaMath program** compares to other Math learning platforms:

3*2

Smart camera device	✗	✗	✓
Major learning focus	Speed Math	Curriculum	Problem-Solving, Analytical Skills
Curriculum Type	Standard curriculum	Interactive, Personalized	Interactive, Gamified, Personalised
Google Rating out of 5	4.1 (1000 + reviews)	4.7 (1000+ Reviews)	4.7 (5000+Reviews)
How many students enrolled in the US	Less than 5000	Less than 20000	1 out of 3 students in US schools

Parents Google Review

“

Had a great experience with the teacher miss Amrita assigned to my son. She made everything so interactive and understandable keeping the child engaged throughout the session. big thanks to her and to the platform-Bambino's for running such an organised and perfect academic platform.

Aruna M

”

“

My son had great experience as the teacher was really well aware of the details and curriculum. Anshu Chaudhry was awesome with my kid as she was very interactive and inquisitive about the thoughts and ideas about my kids during the session.

Shruti Kumari
