

FAQs <https://www.bambinos.live/blog>

1. What courses does Bambinos.live offer for children?

Bambinos.live offers live online programs such as [Unbox English](#), Alpha Math, Unbox Science, and Little Yogi. Each course is designed for a specific age group and uses interactive lessons, activities, stories, and teacher-led sessions to make learning engaging and meaningful for children.

2. What age groups can join Bambinos.live courses?

Children from preschool, nursery, and kindergarten through school age and the teenage years can join Bambinos.live courses. Each program is designed around the learner's age, level, and needs. Younger children learn through stories and activities, while older students work on concepts and skills suited to their learning stage and interests.

3. Are Bambinos.live classes live or recorded?

Bambinos.live classes are live online sessions where children can interact with teachers, ask questions, participate in activities, and receive guidance during class. Courses such as Unbox English, Alpha Math, Unbox Science, and Little Yogi use live teaching to encourage participation. This format allows teachers to respond to students and address questions during the lesson.

4. What can children learn through Bambinos.live?

Children can develop academic and life skills through different Bambinos.live courses. Unbox English focuses on English communication, Alpha Math develops mathematical understanding, and Unbox Science introduces scientific concepts. Little Yogi teaches Bhagavad Gita, Sanskrit, values, and life lessons, giving children opportunities to learn concepts and connect them with everyday experiences.

5. What is Little Yogi and what does it teach?

[Little Yogi](#) is Bambinos.live's program for children aged 4 to 14, focused on Bhagavad Gita and Sanskrit learning. Children learn through shlokas, stories, chanting, discussions, and activities suited to their age. The program connects Gita teachings, values, and life lessons with everyday situations at home, school, and with those around them.

6. How should parents choose the right Bambinos.live course?

Parents should choose a Bambinos.live course based on their child's age, interests, learning goals, and current level. Unbox English, Alpha Math, Unbox Science, and Little Yogi have different learning focuses and age groups. Parents can review each program's curriculum, class format, and learning objectives before selecting the course that fits their child's interests and educational needs.
